INDEX

VOL. XLVI, 1953

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

abdomen, tumour—Recklinghausen's disease (M. Joseph), 49

Abel, A. Lawrence, replica of B.M.A. demonstration booth on carcinoma of the colon (*By title*), 416
the surgery of ulcerative colitis (*Disc.*), 1035

abreaction (*Discussion*), 155

Abreu, A. L. d', see d'Abreu, A. L.

accidents, epidemiology of (*Discussion*), 449
fatal, statistics (W. P. D. Logan), 449

Ackroyd, J. F., purpura due to hypersensitivity to sedormid (allyl-isopropyl-acetyl-carbamide), 261

A.C.T.H. in treatment of allergic rhinitis (J. P. Stewart and M. Z. Kawa), 131

actinomycosis, ocular (C. H. Smith), 209

adamantinoma with ulceration into mouth (G. T. Hankey and J. A. Pedler), 871

Addison's disease, diagnosis and treatment (*Discussion*), 565
treatment with deoxycortone (A. W. Spence), 575

adrenalectomy in treatment of Cushing's syndrome (R. G. Sprague), 1070

adrenal-pituitary hyperfunction (S. L. Simpson), 39

adrenocortical function following irradiation (P. H. Herbert and R. H. Mole), 250

adrenocorticotrophic hormone in treatment of allergic rhinitis (J. P. Stewart and M. Z. Kawa), 131

age, old, anæsthesia in (J. B. Wyman), 110
fractures in (*Symposium*), 106
physical medicine in (*Discussion*), 339

ageing (E. E. Krapf), 957

agricultural fertilizers and manures (*Discussion*), 791

Ainsworth, G. C., organic manures and fertilizers and the production and composition of food for man and animals (*Disc.*): the relationship to growth and health of plants, 793

Albright, Fuller, Henneman, Philip, Benedict, Patricia H., and Forbes, Anne P., idiopathic hypercalciuria (a preliminary report), 1077

Alcock, N. S., infantile cerebral palsies (*Disc.*), 640

alcoholism in drivers of vehicles (A. B. Davies), 357

allergic reactions, antibodies involved (J. R. Marrack), 250
basis of (*Symposium*), 253
effects of cortisone on (R. R. H. Lovell), 263
histamine and (W. Feldberg), 256
rhinitis, treatment by A.C.T.H. and cortisone (J. P. Stewart and M. Z. Kawa), 131

Allison, P. R., scleroderma (*Disc.*), 522

Allott, E. N., the diagnosis and treatment of Addison's disease (*Disc.*), 571

allyl-isopropyl-acetyl-carbamide hypersensitivity causing purpura (J. F. Ackroyd), 261

amœbic granuloma of colon (Ian Stewart), 613

Amulree, Lord, see Mackenzie, B. W. S., Lord Amulree

amyloidosis, primary systematized (E. Waddington), 170

? amyotrophy, post-encephalitic (K. W. G. Heathfield), 197

anæsthesia, carbon dioxide in (R. P. Harbord, S. Parnell, A. B. Eastwood, B. G. B. Lucas and E. H. Milne), 365
hypotension during (*Discussion*), 605
in the aged (J. B. Wyman), 110
in cardiac disease (*Discussion*), 417
trends in (M. D. Nosworthy), 75

anæsthetic records, value of keeping (*Discussion*), 739

anastomosis, jejuno-colic, causing malnutrition (I. C. Gilliland), 50

Anderson, A. B., the physiology and clinical disorders of the parathyroid glands (*Disc.*), 299

Anderson, Daphne S., squamous epithelioma of leg (*By title*), 905
and Seville, R. H., squamous-cell epithelioma (*By title*), 288

Anderson, T., respiratory infections in childhood (*Disc.*): a study of family contacts, 59
Andrew, J. D., anencephalic fœtus producing obstructed labour (*By title*), 956
fœtus dicephalus (*By title*), 956
Andrews, G. S. (with J. P. Mitchell), clinical aspects and pathology of bladder-neck obstruction, 549, 552
ankle, treatment of instability (D. L. Evans), 343
anorexia nervosa, prognosis (D. W. K. Kay), 669
anoxia, intra-uterine, survival of infant with renal and cerebral complications (O. Sharpe and E. G. Hall), 1063
antibodies, in allergic reactions (J. R. Marrack), 260
sites of production (C. L. Oakley), 1
specific, at mucous surfaces (A. E. Pierce), 785
anticholinesterase poisoning (*Discussion*), 799
biochemical mechanisms (W. K. Berry), 801
chronic effects (D. R. Davies and L. Austin), 802
physiological mechanisms (R. Holmes), 799
aorta, coarctation, in Turner's syndrome (D. G. Vulliamy), 279
surgery (R. C. Brock), 115
Arden, G. P., and Veall, N., the use of radioactive phosphorus in early detection of avascular necrosis in the femoral head in fractured neck of femur, 344, (*Corrigendum*), 808
Armstrong, C. N., male pseudohermaphroditism, 301
army health problems in Korea (F. J. Ingham), 1041
Army Medical Service, two reformers in (J. B. Neal), 601
Arrillaga, F. C. (with F. A. de la Balze, R. E. Mancini and J. Irazú), Klinefelter's syndrome: histo-physiological basis for a pathogenic interpretation, 1081
arterial disease, peripheral obliterative (F. Forty), 125
surgery, reconstructive (*Discussion*), 115
arteriovenous fistula due to gunshot wound (A. W. Nurick), 310
artery, carotid, obliteration of right internal, with subarachnoid hæmorrhage (P. K. Robinson), 200
popliteal, restoration by frozen arterial homograft (H. H. G. Eastcott), 309
arthritis, erythema nodosum and hilar gland enlargement (M. M. Craig and D. G. Ferriman), 867
rheumatoid, general physician's point of view (W. A. Bourne), 987
arthropathy, tabetic, of spine (H. W. Holland), 747
arthroplasty of hip (J. J. Herbert), 343
in amputees (L. Gillis), 100
of interphalangeal joint (F. G. Ward), 101
Asher, R. A. J., myxœdema associated with paranoid states treated with thyroid extract (*Disc.*), 718
ataxia, sensory (R. N. Ironside), 900
athetosis, congenital, of left hand (A. C. Schwieger), 199
audiometry, modern developments (M. R. Dix and J. D. Hood), 992
sources of error and their remedies (R. S. Dadson), 995
audition tests and their shortcomings (*Symposium*), 991
Austin, L. (with D. R. Davies), poisoning with anticholinesterases (*Disc.*): the chronic effects of anticholinesterase poisoning, 802
automobile driving, fitness for (*Discussion*), 357
Aylett, Stanley O., radical excisions for cancer of the transverse colon and of the left side of the colon, 624
subtotal colectomy in a case of fulminating ulcerative colitis with perforation (*By title*), 416
the surgery of ulcerative colitis (*Disc.*), 1032

baby, see infant
bacilluria, tuberculous, management of (J. C. Ross), 434
Backett, E. Maurice, Shaw, L. A., and Evans, J. C. G., studies of a general practice (1): patients' needs and doctors' services: a description of method, 707
Badenoch, Alec W., vaso-epididymal reflux syndrome, 847

Barnes, D. W. H., and Loutit, J. F., the radiation syndrome (*Disc*): protective effects of implants of splenic tissue, 251
Baron, D. N., the physiology and clinical disorders of the parathyroid glands (*Disc.*), 300
Baron, H. W. A., congenital rectal stenosis, 621
Barrett, N. R. (*Disc.*), 49
Barry, C. T., hypotension during anæsthesia (*Disc.*), 612
Barwood, A. J., survival and rescue (*Disc.*): emergency escape and survival, 523
Bates, D. V., the assessment of respiratory function (*Disc.*), 535
Batt, Olga D. (with R. H. Mole), the radiation syndrome (*Disc.*): iodide metabolism, 250
Bauwens, P., methods of electrodiagnosis and electrotherapy by stimulation (*Disc.*), 168
Bayliss, R. I. S., the diagnosis and treatment of Addison's disease (*Disc.*), 577

Beard, Arthur John Wells, anæsthesia in cardiac disease (*Disc.*), 424
Beattie, P. H., the ocular troubles of Dr. Johnson and Mr. Pepys, 591
Beck, G. A. (*Disc.*), 902
(for H. T. Calvert), multiple leiomyomata (*By title*), 290
and Whittle, C. H., granuloma of face: for diagnosis (*By title*), 546
(for C. H. Whittle), atypical granuloma annulare in a diabetic (*By title*), 548
Bedbrook, G. M., neo-natal Volkmann's syndrome, 349
and Robertson, I. M., pathological dislocation of right hip, destruction of lower end of left femur—the result of neonatal septicæmia (*By title*), 105
Behcet's disease (W. Fraser-Moodie), 873
(S. B. Karani), 45
Bell, J. G. Yates, see also Sharvill, D. E. (*By title*)
bladder-neck obstruction (*Disc.*), 564
hydronephrosis (*Pres. address*), 31
Belsey, Ronald, hiatus hernia and œsophagitis (*Disc.*): pathology and treatment of hiatus hernia when complicated by œsophagitis, 941, 946
Benedict, Patricia H. (with F. Albright, P. Henneman and A. P. Forbes), idiopathic hypercalciuria (a preliminary report), 1077
Berry, W. K., poisoning with anticholinesterases (*Disc.*): biochemical mechanisms involved in poisoning by anticholinesterases, 801
Bettley, F. Ray (*Disc.*), 545
ichthyosis vulgaris with hyperkeratosis (*By title*) see Marten, R. H.
Bevan, Gilroy, a method of using intravenous procaine in the treatment of fractured ribs (*By title*), 782
bezoar in girl of 17 (H. H. Renyard), 311
Bishop, P. M. F., the physiology and clinical disorders of the parathyroid glands (*Disc.*): hyperparathyroidism, 294
Black, H. (for G. B. Mitchell-Heggs), case for diagnosis: ? dermatomyositis (*By title*), 172
diabetic xanthoma (*By title*), 905
nævus syringo cystadenoma papilliferum (*By title*), 290
necrobiosis lipoidica (non-diabetic type) treated by excision and grafting (*By title*), 172
Black, J. I. Munro, the management of cervical metastases from laryngeal carcinoma (*Disc.*), 489
bladder, carcinoma (H. N. G. Hudson), 845
radio-isotopes in (D. M. Wallace), 240
radiological treatment, uniformity of dosage in (M. Douglas), 465
inversion through vesico-vaginal fistula (J. Chassar Moir), 844
trabeculation of, colitis and perniosis (W. A. Bourne), 310
bladder-neck, fate after prostatectomy (M. Caine), 555
obstruction (*Symposium*), 549
clinical aspects and pathology (J. P. Mitchell and C. S. Andrews), 549
in women (T. Moore), 558
Blaikley, J. B., pelvic exenteration (*Disc.*), 753
blind, tactile thought in (M. Critchley), 27
